

Seoul Tower → Seven Luck Casino → Shopping District

Seoul Tower opened to the public on October 15, 1980 and has since become a major tourist attraction. The 236.7m Seoul Tower sits atop Namsan Mountain (243m), Seoul Tower offers panoramic views of Seoul and the surrounding areas. The view is so stunning that many consider Seoul Tower the best tower in Asia.

Thirty years and countless visitors later, as the structure was renamed 'N Seoul Tower.' The letter 'N' stands for the tower's 'new' look, which resulted from a 15 billion won remodeling in Dec 2005. With the new lighting system and changes to the tower's overall color scheme, event coordinators can now decorate the tower for each new season or event. Currently, an ongoing lighting theme titled 'Flower of Seoul,' uses searchlights to light up the tower each night from 7pm to midnight.

Visitors are encouraged to try the N Grill western-style restaurant revolving restaurant (one rotation every 48 minutes) and the Sky Restroom (an artfully decorated space). Both offer breathtaking views of the cityscape.
